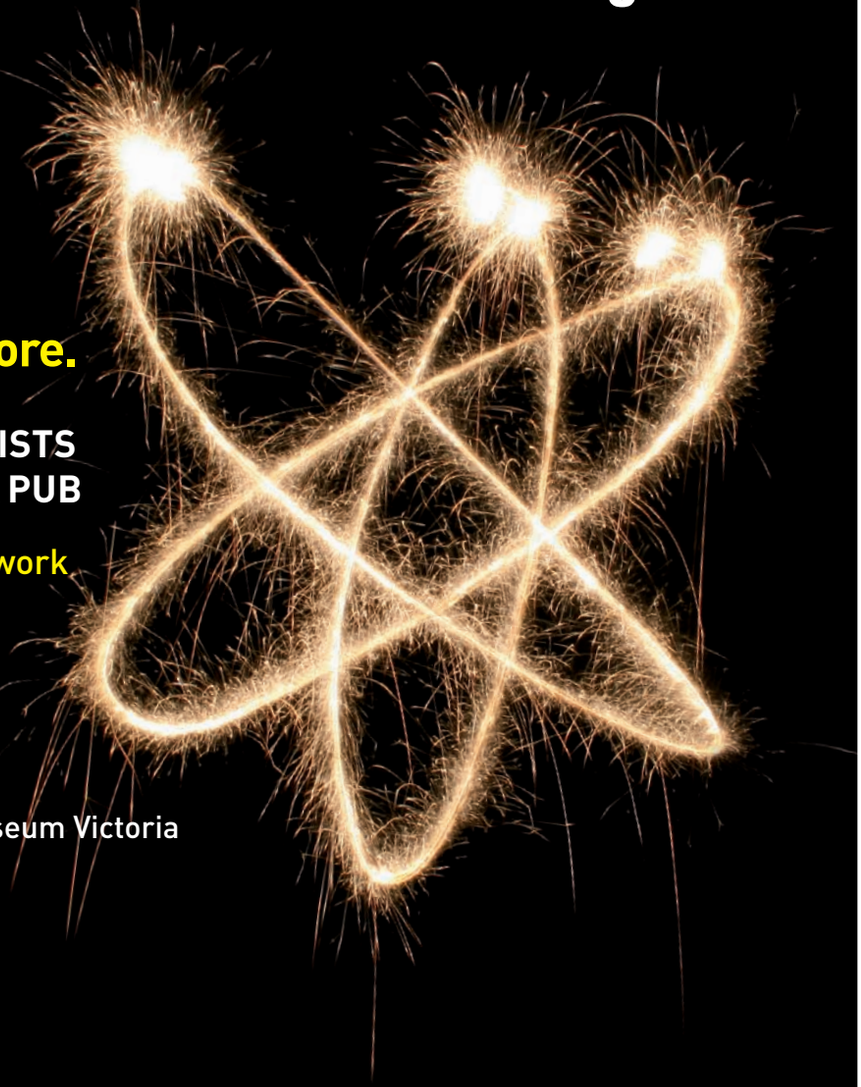
freshscience

freshscience.org.au



An HIV hideout, the sawfish saw, planets that orbit backwards, 'suicide' genes for blood cancers, grandparents falling and more.

LEADING EARLY-CAREER SCIENTISTS REVEAL THEIR DISCOVERIES IN A PUB

Using rhyme, reason and the odd firework

MONDAY 6 JUNE 6:45pm for a 7pm start
Upstairs at the DUKE OF KENT
293 La Trobe Street, Melbourne
(between Elizabeth and Queen Streets)

HOSTED BY Dr Andi from Triple R and Museum Victoria

Drinks and meals at bar prices

RSVP aj@scienceinpublic.com.au

ENQUIRIES Ring AJ on (03) 9078 5398

THE FRESH SCIENTISTS WILL ALSO BE VISITING SCHOOLS IN MELBOURNE, BENDIGO, BALLARAT AND GEELONG.
